CURIOUS CAPERS OF A MONKEY.—The crew of the ship Condor, of Havre, brought with them from Cape Town, a monkey which seemed to evince more than the usual intelligence of its species. The creature would run aloft and keep a regular lookout from the foretop-gallant crosstrees with the punctuality of a veteran tar; and whenever it beheld a sail it would commence to screech in a peculiar manner. One day it sighted a vessel to leeward, and gave notice of the same in the usual way. The Captain backed his mainyard, determined to pay the stranger a visit. As his boat, lowered alongside, was being manned, the monkey jumped into it, bowed to the Captain, and quite plainly gave him to understand that it would like to go with him. To this the good-humored skipper made no objection; so the monkey took its place by his side in the stern sheets, sitting upright and looking as grave as a judge. The men took to their oars, but the boat was not two ship's lengths from the vessel when, right alongside, up jumped a huge whistling porpoise. The monkey made a quick leap and caught the fish in its claws: but in doing so lost its balance and tumbled overboard. At the same moment a huge shark was seen darting along toward the monkey. When near enough to seize it, the greedy monster turned over upon its back and was on the point of seizing its prey, when the latter, suddenly darting to one side, with ready presence of mind let go the porpoise and ran one of its claws into an eye of the shark. Thus, half blinded, the ferocious creature missed the monkey, which now clambered triumphantly into the boat. Then, greatly to the amusement of the crew, it clenched one of its paws as a human being clenches his fist, and shook it at the baffled shark, which now dived into the sea.

WILLING TO ACCOMMODATE.—A jokist being invited to define his position on the political issues of the day, writes to the Nashville Banner as follows:

"I am aware of the necessity of knowing just where a man stands in these times which try men's soles—as well as the upper leather. To begin with I am an old Henry Clay Whig, of the Polk school. I believed in the Hard Cider Platform of 1840, during which I cast a somewhat colored vote for Jackson. I voted against the assassination of Lincoln, and am in favor of the immediate impeachment of Jefferson Davis. I favored the Maine Law until they fired on our flag, together with several flagstones, when I went in for a vigorous prosecution of peace. I am in favor of women's rights, if she is a good-looking woman and she writes to me. I don't know much about the Monroe Doctrine, as for horse-doctoring I don't know anything at all. I wouldn't vote to oblige a Mormon to have more than one wife, and am opposed to introducing cholera into the territories. I go in for a tax on waterfalls, and am willing to allow chignons a representation in Congress on the basis of population. Finally, I am in favor of allowing the negro to vote in the South—it is the only way to make treason odorous."

ALPINE COUNTY CONVENTION.—The Union Central Committee of Alpine county has ordered a Convention to be held at Monitor on the 13th day of August next; the primaries to be held on the 10th., and the apportionment to be on the registered vote.

REGISTERED.—From the Board of Registration we learn there are now nearly 4,100 voters on the Great Register. This number is more than 1,000 more than the votes polled at the last general election.

STATE CENTRAL COMMITTEE—This committee has a committee on finance composed of A. Hayward, Abraham Seligman, William Sherman, Seth H. Wetherbee, A. B. Forbes and W. B. Carr.

GOOD FISHING.—R. F. Perkins and James Shafer caught 215 trout at Geyser Springs on the 9th instant, of which the largest weighed 2½ pounds, and the smallest was 7 inches in length.

BURNED.—The Government Store House at Fort Yuma was burned July 6th. This was the great depot of supplies of food and clothing for the army of Arizona. The loss may cause temporary inconveniences if not suffering.

RECONSTRUCTION.—The Senate and house have each a Bill. The Senate prefers its own bill. A Conference Committee will most likely be appointed.

THE lumbermen of Maine live during the winter on salt pork, bread, potatoes and molasses, and work fifteen hours a day, yet they grow fat and are the hardiest race in the world.

AMUSING DUELS.—A Havana correspondent says: An amusing duel took place yesterday about five miles from the city.—It originated in a remark made by a man to his friend on seeing a lady coming out of church. The lady was unknown to the person making the remark, but happened to be the other's wife. A slap in the face was the consequence and a challenge came soon after. This was accepted, and the seconds selected a place. The wife got wind of the affair, and immediately took steps to prevent the dreadful catastrophe. Her first thought was to notify the police, but that might have given her husband the reputation of a coward, and she took a better method by going to the house of the other party, where she met his wife, and a plan was soon concocted between the feminines. This morning both husbands got up early; wives do. Husbands took carriages; and their wives—one armed with five children and the other with three—took other vehicles in waiting.—When the two duelists arrived at the spot they were somewhat astonished at seeing the other two carriages drive up with their passengers, who cooly informed the men that they also had come to fight, so as to make it a complete family quarrel, each at the same time producing an empty purse and a package of baby linen as their arms and munitions of war. The little ones had popguns and fire-crackers, and soon some indulged in a cry. It is useless to add that the bloodthirsty Benedicks made peace on the spot and returned to Havana, in company with their seconds, to celebrate the affair over a champagne dinner.

DIVORCES!—George Francis Train made a speech at a hydrophatic college in New York City, when he said many good things; among which note:

French fashions, French customs, extravagant living, and the family physisians' prescriptions are fast destroying American morality and American institutions. Fewer marriages and more divorces produces less virtue and more vice. Our modern marriage service should read thus: Clergyman—Will you take this brown stone front, this carriage and span, these diamonds for thy wedded husband? Yes. [Laughter.] Will you take this unpaid millener's bill, this high waterfall of foreigh hair, these affectation accomplishment and feeble constitution for your wedded wife? [Loud laughter.] Yes. somewhat Mammon has joined together let no man run away with, so that the first divorce Court may tear them asunder.

MARRY OR DIE.—An Indiana lad was recently married under peculiar circumstances. Although but nineteen years of age, he had seduced a young lady' according to the lady's statement under promise of marriage. The promise he was somewhat dilatory in fulfilling, and a time past, the frail fair one became fearfully aware of the necessity of having a husband. Being of a determined disposition, she procured a revolver, hunted up the delinquent, took him before the County Clerk to procure a license, thence marched him to the office of a Justice of Peace, held her pistol at his head, while he placed himself by her side, and finally made herself the young man's wife. Having fixed this little matter all right she will probably "love, honor and obey"—as long as it pleases her to do so.

THE UNION PLATFORM.

The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles:

Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, whether the same shall attempt to subvert our Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union.

Resolved, that in reconstructing the nation its foundations should be justice and its architects loyalty, and we are willing that those so active to destroy, should be the chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion loyal Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freemen and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government.

Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and when the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive the m as equals in a reconstruction Union.

Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper.

Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and an evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power.

Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party.

Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1863, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

Copy of the Report of the Committee of Awards at the Fair of the
AMERICAN INSTITUTE
NEW YORK, 1865.
To the FLORENCE SEWING MACHINE CO. for the Best Family Sewing Machine,
HIGHEST Premium! Gold MEDAL!

REASONS:
1st.—Its simplicity and great range of work.
2d.—The Reversible Feed Motion.
3d.—The perfect finish and substantial manner in which the Machine is made.
4th.—The rapidity of its working and the quality of the work done.
5th.—The self-adjusting Tension.

The Florence was awarded the first and highest premium at the State Fair of California, the only Fair on the Pacific coast at which any two double thread Sewing Machines were exhibited in competition in 1865.

The Florence received the only premium awarded, by the Mechanic's Institute of San Francisco, in 1864 and 1865, to any Sewing Machine, Sewing Machine Co. or Agent. The claim of a competitor to a medal is without any foundation whatever.

Wherever the Florence has been brought in competition with other Sewing Machines, it has always been declared the best. It is the most simple, the most substantial, the most efficient, and its use is easily learned. Every Machine sold is guaranteed in the full sense of the word.

RESOLUTIONS

Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867:

Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States until such time as a sufficient number of the friends of the Union can be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States and earnestly hope that at the coming session the large landed estates of the gentry who gave their personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends in favor of every movement tending to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and that the pretensions set forth by the Democratic party in this regard are false and hollow, unfounded in fact, and disproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be holden or put in practice without jeopardizing the continuance of republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disgrace.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

P. W. THOMAS,
Chairman Committee on Resolutions.

THE SOREHEAD CONVENTION.—So far as we have been able to learn, not a move has yet been made in any part of the State to send delegates to the Sorehead Convention, called for the 16th instant. Not a Convention, or even a public meeting, has been held in any interior county, to elect delegates, and if any should present themselves at the Convention they cannot claim to be representatives of even a faction; they would merely represent themselves. But although the movement for another Convention has not been seconded in the interior, there is no doubt that a considerable number of disorganizers will be got together, who will go through the farce of "revising" the State ticket. The most of those taking part in the disorganizing movement will eventually land with the Democracy, and their principal object is to elect the Democratic candidate for Governor, and throw the State into the hands of that party. The distance from radical Republicanism to Copperheadism is too great to be made by most persons at a single jump, and the Sorehead Convention will merely serve as a platform for the weak-kneed to stand upon while preparing for a second bound.—*Nevada Gazette.*

So far as we have been able to learn, we believe there has been no move made to represent this county in the "Sorehead Convention."

A PARTY of the ladies and gentlemen of this place attended the installation of the officers of Brooklyn Lodge, on Thursday evening last, and report having an excellent time. There is no discount on the people of Red Dog.

CRONK.—Mr. Wear, the Cronk man of this district induced us to drink a dozen bottles of his manufacture, and we are now prepared to say that Cronk-beer is the most innocent, as well grateful beverage made.

☞ THE San Francisco Minstrels will play in this place a week from to-night, at the Theater.

WILL BE JUSTIFIED.—The execution of Maximilian will, we believe, receive the approval of a large proportion of the American people. Among the royal families of Europe various extenuating circumstances will very naturally be offered in defense of his career in Mexico. He has been adjudged condemned, and shot by the very standard of law, order and justice he himself set up. The great and immutable law of eternal justice between man and man neither knows nor recognizes any superiority, any privilege, any exemption founded on mere accident of birth, on mere arbitrary title. He who as an "outlaw" by the "law of nations," enters a nation in an opposite quarter of the globe and causes its citizens to be executed in cold blood, because, forsooth, remaining true to their government and land of their nativity, they refused to receive him as their ruler, stakes his life upon the issue, and ought to be willing to accept for himself what he offers to others. The special plea of founding a more beneficent civilization, is as fallacious now, as the plea of diffusing Christianity was two hundred years ago, under cover of which the greatest recorded crimes of human history were committed. Had Maximillian been allowed to depart in peace, an example would have been set inviting other adventurers, ambitious to found a dynasty, to cause any amount of bloodshed, to commit any degree of horrors without risking loss. As it now stands, the actual decrees which have become history as adjudged between man and man—in the case of Maximillian—correspond with the eternal decrees of justice written in the heart of man by which alone does human government become possible, and through which alone can civilization and christianity be established or advanced on earth. It is honorable to him that he bravely accepted for himself the bitter cup he so unhesitatingly offered to others. His last words were "poor Carlotta." He has by no means lived in vain, he has demonstrated what cannot be done, and furnished a valuable lesson to human history.

UNION CLUB.—Agreeable to public notice a portion of the members of the Union party met at the theater on Thursday night and organized a Club and elected the following named persons as permanent officers: E. H. Gaylord, President; James Taft, and J. Henney, Vice Presidents; E. B. Boust, Secretary, and Wm. H. Keeler, Treasurer. The organization was completed to the satisfaction of those who participated; and will serve to enliven the interest in the campaign as well as keep the wavering, and convincing the Democracy of the truth and justice of the principles we advocate and the policy of adopting the measures we propose. In a short time we will have the pleasure of announcing the names of several prominent gentlemen who will address the Club.

THE ASSASSINATION PLOT.—It seems that Congress is not satisfied with what investigation has been had. A committee has been appointed by the House with B. F. Butler as Chairman, to investigate the whole matter. Amnesty is to be granted to any one who will reveal the whole plot. It is utterly improbable that the parties immediately concerned in the execution of the plot were the only parties connected with it. Persons of more influence must have stood behind the actors. A knowledge of the whole plot may never come to light, and the really responsible parties may never be known or brought to justice.

CONSTITUTIONAL AMENDMENT.—Ashly, of Ohio, offered an amendment to the effect that all persons hereafter naturalized must be able to read and write. This looks as though the right of exercising power in the Government must be made to rest on capacity to properly use it. The extension of the franchise is a debatable question. Ambitious men too frequently use the ignorant and purchaseable to effect their own unlawful ends. Were suffrage extended, and, as some propose, made universal, a still larger element would exist to be used by designing men, and to effect selfish purposes.

THE editor of the Dutch Flat ENQUIRER has got a very sore head, and is making a general donkey of himself. We think we recollect the time—not long ago—when his benevolent face, like Frank Pixley's mule, "was looking at us from the other side." We are afraid that when brother Boust deserted from the peace Democratic party, during the war, he was after peanuts.—*San Andreas Register.*

The extent of culture, the degree of liberality, the depth of reason, the elegant and varied learning an editor possesses is pretty accurately determined by what he writes. Further comment is unnecessary.

THE sentiment of the people is gradually but surely being changed from an opposition to a hearty support of Mr. Gorham for Governor of our State. No man has shown more real grit and determination of purpose than Geo. C. Gorham has evinced during the past month. Such qualities are rare, and the possessor deserves to be rewarded. And he will be, too.

FREE RIDE.—The cars of the Central Pacific Railroad will be free to all who desire to participate in the Ratification Meeting. Rev. Dr. Cox, F. M. Pixley, J. E. Hale, W. L. Dudley, Newton Booth and F. H. Hosack are announced as the speakers.

WISE OR OTHERWISE.—Horace Greeley, in a lecture recently delivered on "Advertising," said:

> Some men who know enough to advertise, are yet so narrow-minded as to confine their advertisements to journals of their own creed and party. If they do not choose to trade with any but men of like faith, this is wise; but if they desire the whole public for customers it is otherwise.

KENTUCKY MEMBERS.—A resolution has been adopted inquiring into the disloyal acts of the Kentucky members. We can see no good reason why they should be deprived of their seats, and the people of Kentucky of representation until such acts of disloyalty are proved.

PATRIOTIC MOONEY.—The largest contribution to the Fourth of July fund has been made by the benevolent and irrepressible Thomas Mooney, in behalf of the Builders Insurance Company and California Building and Savings Bank.—*Chronicle.*

SANTA ANNA.—The shooting of Santa Anna is discredited. He is reported to have been at Campeachy over 100 miles distant the day before his alleged execution.

S. Land Office at Marysville, California, the district within which said land is situated. And whereas, subsequently, viz: in October, 1866, affidavits were filed in the said Land Office, declaring said land to be more valuable for mineral or mining purposes than for agriculture; Now, therefore, this is to notify all whom it may concern that I will, on

23rd day of July, A. D., 1867,

or as soon thereafter as the same may be heard before the Register or Receiver of said Land Office, adduce evidence to prove that the said land is more valuable for agricultural than for mineral or mining purposes, and upon such proof being made, apply for permission to prove up my pre-emption claim to and purchase said land. Perry Davis' Vegetable Pain Killer,
after a thorough trial, by innumerable living witnesses, has proved itself THE MEDICINE OF THE AGE. Although there has been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued to steadily advance in the estimation of the world as the best Family Medicine ever introduced. It is an internal and external remedy. One positive proof of its efficacy is, that the sales have constantly increased, and wholly upon its own merits. The effect of the Pain Killer upon the patient, when taken internally in cases of Cold, Cough, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Sting of Insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century.

ESTATE of Gregers Christersen, Deceased: Notice is hereby given by the undersigned, administrator of the above named estate, to the creditors of, and all persons having claims against said deceased, to exhibit the same, with the necessary vouchers, within ten months from the publication of this notice, to the undersigned at the office of L. B. Arnold, at Dutch Flat, Placer county, Cal.

SEMI-WEEKLY ENQUIRER.

THE FIRE EXTINGUISHER.—Union Square was partly filled before half-past eight last evening, by about 2,000 sight-seers, anxious to witness the proposed experiment of extinguishing a fire made expressly for the occasion on the inside of a small frame house. At 9 o'clock precisely, the flames, owing to the inflammable matter they had to feed on, commenced to burst out of the sides and spaces near doors, but were immediately mastered by the patent in the hands of Mr. Levey, the agent of the patentee, who carried the machine, which resembled a large coffee-pot, on his back, the stream pouring from a section of hose about an inch in circumference, with a nozzle attached. Mr. Levey walked leisurely about the outside of the building and did his work in less time, and equally as effectual, as "big Six" could have done it in her palmiest days in the same length of time—say four minutes. There can be no doubt in regard to the experiment being a complete success, as we followed the gentleman who carried the Extinguisher, and saw, where the stream was directed, the fire was immediately placed hors du combat, never to rise again. Such an invention would be invaluable in any large hotel, or in fact anywhere; but after a fire has thorough possession of, say a coal oil factory, or a large warehouse, for instance, we imagine it would take at least a dozen such machines as was on exhibition last evening to suppress the conflagration. Inventions nearly similar have been in existence for a number of years and once previous a trial was made in this city, if our memory serves us right, on Market street, near Beale, in 1855 or 1856. A trial was also had of a fire extinguisher, something on the same principle, in New York some twenty-five years ago. It remains but for us to say that those who were present last evening were thoroughly satisfied with the effectual manner in which the work was done. We would remark that Union Square has the finest crop of sand, and less trees, gravelled walks, flowers and shrubbery of all kinds, than any other square of its size, for the number of really elegant houses, churches and schools by which it is surrounded, probably in the world.—Alta.

SUICIDE.—The Shasta Courier, July 6th, says that John Peters committed suicide on the 1st instant, by shooting himself through the head with a heavily loaded shot gun. Peters lived in a cabin a few miles above Waugh's Ferry, on the Sacramento river, and on the morning of the day mentioned his partner left him eating his breakfast, and went to the ferry on some business. He returned about ten o'clock, and found the cabin door fastened on the inside. He called but received no answer. He then procured a billet of wood and forced the door open, when a scene met his gaze which fairly chilled his blood with horror. Peters was sitting on a stool, with his head leaning back on the bed. One of his hands tightly grasped the barrel of the gun, while the entire back portion of his skull was blown away, and his body covered with brains and blood. A portion of the skull and brains were found adhering to the roof of the cabin where the discharge passed through. Deceased was about forty years of age, and a native of Missouri. No cause is assigned for the act.

RELIEF FOR SOUTHERN ODD FELLOWS.—The Grand Master of this State has issued a proclamation calling upon all subordinate Lodges in this State to contribute liberally to the relief of their suffering brethren of the South. In his proclamation he says: "Brothers, our brethren at the South—not by their voice or with tones of lamentation, but by their silent sufferings—appeal to us for assistance. Their altars have been broken down, their Lodge rooms have been made desolate, and they are left without books, regalia, funds or places of meeting, while the widow and orphan cries to them for bread." It is expected to raise by this means a fund of five thousand dollars, which will be distributed to Southern Odd Fellows by the R. W. Grand Lodge of the United States.

DROWNED.—On the week preceding July 1st, James K. Lutzenberg was drowned in the Sacramento river, a few miles above Waugh's Ferry. He was crossing the river in a canoe, and when within a few feet of the bank jumped out into the water, with the evident intention of wading ashore, but the water proved to be quite deep at that point, and he sank beneath the surface. On coming up he appeared bewildered and struck out into the current. He swam nearly to the opposite side of the river, and then turned and swam out into the middle of the stream again, when he sank to rise no more. Mr. Lutzenberg was a native of Ohio, and aged sixty-eight years.

ESCAPED.—John Kelly, arrested at San Francisco for forgery, *en route* to Virginia City for trial, escaped from the officer's custody between Alta and Cisco by jumping out of a window about ten o'clock Friday last, while the passenger train was in motion. The train was immediately stopped, and the Sheriff started in pursuit. It is not known whether he has been captured or not, as the train was compelled to proceed.—Kelly was not hurt by his dangerous leap, as he was seen making fast time over the hill.

ACCIDENT.—The Mariposa *Gazette* says: "We regret to learn that Col. McCarthy was seriously injured Wednesday evening last, at Bear Valley, by the bursting of a cannon. The parties having charged the gun loaded it almost to the muzzle with stones and clay, expecting of course to make a louder noise than with an ordinary charge. The result was as above stated. Several pieces of the iron were blown into Mr. McCarthy's head, and a good sized stone into his thigh."

Liver Complaint and Dyspepsia.

After a long research, we are able to present the most pleasant, the most remarkable cure for those horrid nightmare diseases the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a poor article cannot be sold as low as a good one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

LYON'S KATHAIRON.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning gray and falling off.
It restores the hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car-load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it or a family that does not use it.

LYON'S EXTRACT GINGER.

LYONS' EXTRACT OF PURE JAMAICA GINGER.—For Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere at fifty cents a bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. stamp of Demas Barnes & Co. is over the cork of each package.—None other is genuine.

MUSTANG LINIMENT.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts, the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped and scalded me terribly. * * The Mustang Liniment extracted the pain and caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad str., Phil.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless, (spavin) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists at 25, 50 cents, and $1.

LYON'S FLEA POWDER.

The genuine has the signature of E. Lyon and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any Druggist will procure the genuine if you insist you will have no other.

ESSENCE OF JAMAICA GINGER.

THIS valuable preparation, containing in a highly concentrated form all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to Nausea, caused by the riding in a railroad car, or by sea-sickness, or other causes. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an uninterrupted [illegible] of fourteen years, and has become one of the renowned hospitals of the age. What the celebrated Lock Hospital is to London, and the no less renowned establishment of Ricord is to Paris, this Institute has become to the Pacific coast. The thousands annually received and cured place it in point of number of patients among the very first of the world and the success of its treatment ranks it second to none.

PRIVATE DISEASES IN MALES and IRREGULARITIES IN FEMALES are the great destroyers of health. They insidiously attack the system and gradually undermine and destroy it, they drive the bloom from the cheek, the lustre from the eye, the strength from the frame; they give to the world puny and diseased offspring, and poison, through successive generations the race of man. The marks can be seen in Scrofula, Consumption, Cripples, the Idiotic, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human race than those diseases arising from the contamination of Venereal Poison. The mildest forms, by retreating to the blood, hold over the afflicted one, the destruction that is liable at any moment to fall and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical enemy to man, combining with the Venereal, doubles its dangers. Those who have been treated with that pernicious mineral poison are not cured; the disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system, eating its way into the tissues and organs beneath the apparently smooth surface, to burst out in the future with a virulence that will baffle the effects of medicine. WHEN PERFECT CURES can be obtained by consulting a physician whose long practice and thorough investigation into the causes of DISEASES of the URINARY ORGANS enables to determine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PERFECT, SPEEDY and PERMANENT,

Cures are Always Guaranteed.

In syphilis and its adjuncts; Gonnorrhœa and its accompanying diseases, and all diseases of the Bladder, Kidneys, and prostrate, Seminal Weakness Diseases of the Heart and Lungs; Dyspepsia; Indigestion, Impotency; Incipient consumption, and all diseases of the urinary organs, in either sex, cure always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhœa

The young man who experiences that growing weakness in his muscular and mental organization should stop to consider whence it arises. He will find in the weakness of the back, trembling of the limbs, disordered digestion unaccountable failing of the powers of the mind, distaste for society, dread of impending trouble, forebodings of evil, sleeplessness, troubled and lascivious dreams, accompanied by growing dimness, loss of muscular power, and numerous other symptoms of disorganization, the positive traces of that most terrible and destructive of all diseases Seminal Weakness—wasting away his powers, destroying his hope of life and manhood, and dragging him along the broken path of his existence towards a premature and loathsome grave. To him who finds his life dribbling out in the discharge of the vital principle of existence in nocturnal and diurnal emissions, the mere cessation of its appearance brings no assurance of relief.

Marriage, that holy office, the safeguard and hope of manhood, brings to such an one no hope of cure, but adds to his misery in the knowledge that the one, who looks to him for so much of her happiness, is a victim to his evil, and an innocent companion of his punishment. He adds to his misery and disorder until hope leaves him. There is no rescue except in proper and skillful treatment. Consult then, at once, a physician whom long practice and careful research has made thoroughly conversant with every phase of the disease. Those who have become the victims of solitary vices, that dreadful, fascinating and destructive habit, which fills thousands of sick-rooms with paralytics and consumptives, and hundreds of untimely graves with its misguided victims, should consult, without a moment's delay, one who will sympathize with their sufferings. To such the Doctor would especially address himself, giving to each and all assurance of a PERFECT and PERMANENT CURE, without hindrance to business, change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with disease and requires medical or surgical assistance, the enquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society recommends him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and beg the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner, but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who will feel and sympathize with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed. Consultation by letter or otherwise, FREE. See address below.

THE CELEBRATED FEMALE REMEDIES, compounded from the private prescription of Dr. Young, have now obtained a most extended popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimonials of their efficacy declare them to be pre-eminently superior in their action. No lady should be without these Renovating Agents. None genuine unless procured at this office.

PRIVATE MEDICAL AID.

QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the Pacific Mail Steamship Company's Office. Private entrance on Leidesdorff street, San Francisco.

Established expressly to afford the afflicted sound and scientific medical aid in the treatment and cure of all Private and Chronic Diseases, cases of Secrecy and all Sexual Disorders.

TO THE AFFLICTED.

DR. W. K. DOHERTY returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his Institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse, Gonorrhea, Gleet, Stricture, Nocturnal and Diurnal emissions, Sexual Disability, Diseases of the back and Loins, Inflammation of the Bladder and Kidneys, etc., etc., and he hopes that his long experience and successful practice will continue to ensure him a share of public patronage. By the practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references from men of known respectability and high standing in society. All parties consulting him by letter or otherwise, will receive the best and gentlest treatment, and implicit secrecy.

DR. DOHERTY would call attention to the following certificates from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praise of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

DR. DOHERTY—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make you some written acknowledgement for your valuable services—particularly as your fee was small, for the work performed.

I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with Stricture. Being a stranger in this city, and believing those Doctors who gave such positive assurances of success were necessarily the best, (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money.

I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the Stricture is all removed, and my general health is better than it has been for years.

In conclusion, I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr Doherty for my address and call and see me. (I keep store in this city.) My experience may save you many dollars.

I would also add that in the early stage of my disease I used a large amount of the preparations advertised as an infallible cure for Gonorrhœ, Gleet, etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
L—— H——.

San Francisco, June 16, 1864.

Subscribed and sworn to before me, this 21st day of June, A. D. 1864.

[L. S.] A. S. GOULD, Notary Public.

Seminal Weakness—A Sworn-to Certificate of a most Remarkable Cure of Spermatorrhœa.

A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhœa," or Seminal Weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience. In that year however, I had Seminal Weakness to an alarming extent, which was soon followed by the most alarming symptoms as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind, too, was affected to such an extent as to seriously impair my memory; my ideas were confused and spirits depressed. I was averse to society, had evil forebodings and self-distrust, and was entirely unfitted for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars, but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but seeing Dr. Doherty's advertisement, I thought I would call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty at his office, in Sacramento street, and his fee for treatment was so reasonable I determined to try him, though I did not expect much benefit from his treatment. On the 5th of December last I placed myself under his care, in one week I found myself very much improved, and, now, after five weeks treatment, I feel myself thoroughly cured of all my troubles and in the enjoyment of the best health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself JAMES JOHNSTON.

Subscribed and sworn to before me, this 15th day of January, A. D. 1864.

[L. S.] A. G. RANDALL, Notary Public.

To Females.

When a female is in trouble, or afflicted with diseases as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility, vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, they should go or write once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about their troubles and disease. The Doctor is effecting more cures than any other physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful sufferings and premature death. All Married Ladies whose delicate health or other circumstances prevent an increase in their families should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such, in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred, Dr. Doherty takes this opportunity of observing that all letters are only opened and replied to by himself, and the latter as promptly as possible.

If the case be fully and candidly described, personal communication will be superseded, as instructions for diet, regimen, and the general treatment of the case (including the remedies), will be forwarded without delay, and in such a manner as to convey no purport of the letter or parcel so transmitted. ☞ Consultation at the office FREE. Permanent cure guaranteed or no pay. Address,

HOPE FOR THE AFFLICTED.—In another part of this paper will be found the advertisement of the celebrated Institute established by Dr. J. C. YOUNG, in 1850. In this age of deceit and charlatanism it is a boon to the suffering to point out to them where they are sure of obtaining the wished for relief and cure. Under the care of the skillful Doctor the sick and troubled can divest themselves of their burdens of pain; lay aside their cross, and secure health and happiness. If you are sick or in trouble, do not hesitate. Read the advertisement and follow the advice. Do not forget the number or the manner of directing your letters. MEDICAL ADVICE.—DR. WM. K. DOHERTY'S Medical and Surgical Institute is becoming a sine quo non to the welfare of our State and health of our citizens; and his rapidly spreading reputation, although it may excite surprise, is but the signal of skill, and follows as the natural result of such a cause. We are personally acquainted with gentlemen who had suffered for years under chronic disease, and who had taken advantage of every available means that promised relief, but without success, until they called upon Dr. Doherty, who, in an incredibly short space of time, has given them entire relief. It is gratifying to announce this fact, because the Dr. is a gentleman who seeks, not by defamation of others to establish his reputation or ruin of another's fame. The Doctor conducts his own Institute in such a manner must be gratifying to all his patients. He examines, advises, and recommends without charge, and the patient, after hearing his terms for treatment, can accept or reject at pleasure. In no case does the Doctor make a charge unless he effects a cure. This he is able to do, because he feels the confidence which long experience has given, and no doubt the consolation which appertain to that confidence. Persons afflicted with either acute or chronic disease, would do well to consult the Doctor; at all events, it can do no harm, as for consultation he asks no fee; nor does he insist on obedience to his advice unless the patient places himself under his care. His offices are on Sacramento street, opposite the Pacific Mail Steamship office.—News.

SPECIAL MEDICAL NOTICE.—DR. CHAS. H. TOZER would most respectfully inform the sick and afflicted that his MEDICAL INSTITUTE is at the same place, corner of Kearny and Jackson streets, San Francisco, where he has been established for many years, for the cure of special complaints. Having relinquished my old modes of advertising, which has become so common with all the Quack Doctors of San Francisco, filling up the newspapers with false references, for the purpose of imposing upon strangers. I think it is only necessary to inform those in need of a Physician of long experience and successful practice, that I can be consulted at all business hours, at my Medical Institute, corner of Kearny and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weakness of the Back, Pain in the Side, Headache, Palpitation of the Heart, Derangement of their Monthly Sickness, and all other diseases that the Female System is subject to, will find prompt relief by applying to DR. TOZER.

My Female Monthly Pills were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office. Price $5 00 with full directions on each Box. Sent by mail or express.

FRENCH MEDICAL OFFICE.

DR. JULIEN PERRAULT, Doctor of Medicine of the Faculty of Paris, Graduate of the University Queen's College and Physician of the St. John Baptiste Society of San Francisco.

DR. PERRAULT has pleasure to inform patients, and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery and Sacramento streets, San Francisco. Rooms No 9, 10, 11, first floor, upstairs entrance either Montgomery or Sacramento streets.

DR. PERRAULT'S studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients, laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head Weakness of Memory and Sight, Discharge from the Uretha on going to stool or making water, the Intellectual Faculties are Weakened, Loss of Memory ensues, Ideas are clouded and there is a disinclination to attend to business, or even to reading, writing or the society of friends, etc. The patient will probably complain of Dizziness, Vertigo, and that sight and Hearing are Weakened and sleep disturbed by dreams, melancholy, sighing, palpitations, faintings, coughs and slow fever; while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face and aching in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. PERRAULT, either in person or by letter as he will guarantee a cure of Seminal Emissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage Gonorrhea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and Mercurial Taints entirely removed from the system.

DR. PERRAULT'S diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best references given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfil our promises. We particularly request those who have tried this boasted doctor, and that advertised physician, till worn out and discouraged, to call upon us.

Low charges and quick cures.

Ladies suffering from any complaint incidental to their sex, can consult the doctor, with the assurance of relief.

MEDICAL.

DR. CHAS. H. TOZER'S

PRIVATE MEDICAL INSTITUTE

N. E. Corner of Kearny and Jackson Streets,
SAN FRANCISCO.

The Great Eradicator of Special complaints, formerly of Locke Hospital, London, Eight Years in Sacramento, and the last Four Years in San Francisco.

DR. TOZER'S

Experience is of forty year's standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as Venereal or Chronic.

It is impossible here to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self-Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the limbs, Headache and an aversion to general society, especially that of females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on Dr TOZER and he will cure you in a short time, without any interruption to your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease, and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases,

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system. Your constitution being restored to perfect health there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease,

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two countries no doubt have seen the dreadful effects of it on the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick, are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think I can say without boasting, that I have seen more practice in these diseases than any other physician in San Francisco, dating, as it does, from 1849. It becomes you, therefore, to think well before you employ a physician. Who is the proper one to consult? An old experienced one, or one who has recently settled among you?

My plan is purely vegetable, destroying the disease and purifying the blood so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as weakness of the Back and Limbs Pain in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas, and Depression of Spirits, Evil Foreboding, Self-distrust, and an aversion to society, consult DR. TOZER at once, and he will restore you to perfect health.

To Females.

When you are afflicted with Weakness of the Back and Limbs, Head, Loss of Muscular Power, Palpitation of the Heart, Irritability, Nervousness, Extreme Urinary Difficulties, Derangement of the Monthly Sickness, Sterility, and other diseases peculiar to females, consult DR. TOZER, and you will receive particular attention. Let no false delicacy prevent you, but apply at once, and save yourself from painful suffering and premature death.

My rooms are so arranged that there is no danger of exposure, and of meeting any one save the Doctor

My FEMALE MONTHLY PILLS were never known to fail in giving relief in those cases for which they are recommended. To be obtained only at my office.

Price, FIVE DOLLARS—with full directions on each Box. Sent by Mail or Express.

To Correspondents.

Patients of either sex, residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submitting a written statement of their case to the Doctor, receive all the attention and medicines necessary to affect a cure without the necessity of a personal interview.

A Grateful Acknowledgement to Skillful Gentlemen.

SAN FRANCISCO, June 1, 1866.

Dr. Chas. H. Tozer:—Dear Sir: You will excuse me for not writing to you sooner. You will please remember me as the individual who called on you for assistance about a year ago. The roof of my mouth had completely rotted out, and my palate dropped and there remained, stopping up the passage so that I could hardly eat. You remember you cut it out at once, which relieved me immediately and I was enabled to swallow my food and in a short time began to improve. I took your medicine and followed your directions for several months. You finally succeeded in stopping the disease, saving my nose and upper lip, though you frequently cautioned me about losing it. I continued to improve until you finally recommended me to go into the country, and before going, by your advice, I had a cast taken of my mouth, in order that I could have a plate made for me to enable me to speak so as to be understood, and am now using it. My eternal thanks are due to you for the perseverance and skill that you displayed in my case; and I have to thank you for my restored health, and even my life, as I was very near bleeding to death several times from the nose. I am now in Sacramento City, enjoying good health, and I shall recommend all my friends to call on you should they be so unfortunate as to require assistance; and I would advise all persons to avoid certain scientific doctors in your city, for they will send them to a land from whence no traveler returns.

With my best wishes for the success of both of you, I remain, yours, etc., S. S. T.
